2. It seems to us appropriate that this letter be signed by General Cabell for the following reasons:

- a. Many of the Senior officers at Warren A.F.B. know General Cabell, inquired about him during this visit, and would presumably be pleased to receive a letter of appreciation over his signature.
- b. The Air Force personnel involved were exceptionally cooperative in providing information on Atlas deployment, including assignment of a C-47 to [REDACTED] for visual and photographic coverage of the entire facility.
- c. This organization is in a position to provide much future aid to CIA, and the proposed letter seems to us to be good public relations.
